QPR Training | Wed. Nov. 20 | 6:30 PM

Hope Helps Prevent Suicide: Chances are you know someone who has died by suicide or has had suicidal ideations or attempts. Maybe, you have had suicidal ideations or attempts, maybe you are feeling this way now. Suicide is a tough topic, one we often refrain from talking about because we don't know what to say, how to say it, or we are fearful of what the answer will be. We must end the stigma associated with suicide and mental health. When we know better, we do better. Suicide is the third leading cause of death for teenagers in Indiana, and 1 in 5 high school students have seriously considered suicide. Overall, the suicide rate in Indiana has been higher than the national average for the last six decades.

On November 20, Damon Cox will host a QPR (Question, Persuade, Refer) training at 6:30pm. QPR is an evidence-based program designed to provide its participants with information on how to prevent a suicide in three easy to remember steps.

To register for this important training, visit: <https://www.christindyumc.com/upcoming-events> or scan QR code to register as well.

From Pastor Greg Pimlott, Senior Pastor

On the first Sunday of November, Christ Indianapolis United Methodist Church will gather for All Saints' Worship during our morning worship services. On this sacred Sunday, we will recognize and remember the beloved saints of our congregation who have died in the past twelve months. It's one of my favorite Sundays of the church year.

Since this will be my first All Saints' Sunday as your new pastor, many of the names we will read on All Saints' Sunday will be the names of people I have never met in person, who died before I arrived in July. I grieve that I never had the opportunity to meet these wonderful saints of the church, and I hope that you'll share some stories about them with me, whether in a conversation on Sunday morning or an email or note sent to me at the church.

Having said that, it is also true that the Good News of the Gospel of Jesus Christ is not dependent on whether the church's current pastor has ever met the people being remembered on a particular All Saints' Sunday. Salvation through faith in Jesus Christ is the same in every church, in every community, and in every nation throughout the world. On All Saints' Sunday, we will remember the saints of our church who have died in the past year, but even moreso we will celebrate the radical grace of God made available to each of us through the life, death, and resurrection of Jesus. I look forward to worshipping with you on the first Sunday of November, as we remember those whom we have loved and died—and as we celebrate Jesus, Who died for us and rose for us out of His great love for us.

Disaster Relief

Hurricanes Helene and Milton wreaked havoc not only in Florida but also in North Carolina which had already been saturated with rain.

Many, many people have been displaced and businesses and home have been totally destroyed. Our UMCOR money goes to help bring supplies and assists with clean up efforts. Volunteers go through Early Response Training and are sent out in teams to effected areas. These teams help pass out supplies, cut down trees, clean up from the damage and so much more. Your donations go to help replenish the store of supplies at UMCOR Supply Depots. As soon as disaster hits, UMCOR, begins sending supplies from these warehouses. The Advance Code for this is 901670 and covers all US Disasters. If you wish to donate, please memo on your check or envelope - UMCOR US Disasters.

Operation Christmas Child

What is Operation Christmas Child? The Samaritan's Purse project Operation Christmas Child collects shoebox gifts filled with fun toys, school supplies and hygiene items—and delivers them to children in need around the world to demonstrate God's love in a tangible way. For many of these children, the gift-filled shoebox is the first gift they have ever received.

Since 1993, Operation Christmas Child, the world's largest Christmas project of its kind, has collected and delivered more than 220 million shoebox gifts to children in more than 170 countries and territories. Anyone can pack a shoebox. Individuals, families, churches and groups fill empty shoeboxes with school supplies, hygiene items and fun toys, such as dolls or soccer balls.

Our boxes are due on Sunday, November 10th. Please turn in the box to the display in the education wing.

To learn how to pack a shoebox, view gift suggestions, get your Follow Your Box label and more go to samaritanspurserg.org/occ.

Participants can offset the shipping cost by donating \$10 per shoebox gift online through Follow Your Box and

receive a tracking label to discover its destination.

Last year, our church sent 122 shoeboxes and are hoping for more this year!

SCOPE:

- Shoebox gifts are collected in Australia, Austria, Canada, Finland, Germany, New Zealand, South Korea, Spain, Switzerland, United Kingdom and the United States.
- More than 11.3 million shoebox gifts were collected globally in 2023, 10 million from the United States alone. Operation Christmas Child hopes to collect enough shoeboxes each year to reach another 12 million children.
- Over 540,000 volunteers worldwide- with more than 213,000 of those in the U.S.- are involved in collecting, shipping, and distributing shoebox gifts.
- Operation Christmas Child is a project of Samaritan's Purse, an international Christian relief and evangelism organization headed by Franklin Graham. Samaritan's Purse currently works in more than 100 countries to provide aid to victims of war, disease, disaster, poverty, and famine. In the past month, they have been working alongside victims of Hurricanes Helene and Milton, both in North Carolina and Florida; where they have multiples disaster relief bases.

IMPACT

- Delivered into the hands of children through local churches, every shoebox gift is an opportunity to share about Jesus Christ and God's love.
 - Since 2009, over 40.5 million shoebox recipients have participated in our 12-lesson discipleship course, The Greatest Journey. More than 20.2 million boys and girls have made decisions for Christ.
- taken and adapted from Samaritan Purse- Operation Christmas Child fact sheet.

From the Trustees

The Board of Trustees is excited about all of the improvements that have taken place over the last year.

Here is a quick review in case you forgot:

1. Replacement of a large section of roof (that was 30+ years old)
2. Landscaping around the exterior of the building
3. Installation of security cameras around the exterior of the building
4. New streaming equipment in the Fellowship Hall and Sanctuary
5. Moving forward with the sign replacement

We are eternally thankful for the support of the congregation through all of these projects as we made these upgrades to the building. There has been a lot of movement on the property that is being developed by Schoolcraft. Sometime in November our new parking lot entrance will be open, and the new traffic signal will be functioning which will connect Lilac Dr. to our parking lot. We are looking forward to forming partnerships with our new neighbors.

As we enter colder months, please be aware of icy spots that may occur in the parking lot. If you see a spot that need attention, please let staff know so that it can be addressed.

The safety and security is the utmost of importance to the leadership of Christ Indy UMC. Each day we are entrusted to the care of nearly 100 students, we are responsible for the safety of several staff members.

Please do your best to ensure that doors are not propped open and are shut and locked behind you. YOU can make Christ Indy UMC safe by being aware. If you see something, say something.

From Sherry Brown, Karate Instructor Forever Young Senior Exercise Classes

When we age (gracefully) our everyday life may become harder to maintain flexibility & strength. Movement and exercise are the best remedy for stiffness. These exercise classes will cater to each person's abilities. We will be working on balance, and getting our bodies some well needed stretching & workout. If you need to start out with a chair, that's fine. You will be amazed at how much better you will feel after your workouts and the friendships you will make in this class.

We are starting these exercise classes for Seniors on **Tuesday, November 5 from 5 - 6 pm in the Fellowship Hall at Christ Indianapolis United Methodist Church.**

These classes will be offered at \$40 for 4 class a month. We accept cash or checks made payable to Sherry Brown.

Wear those tennis shoes and bring a bottle of water and I'll see you there!

Our Focus on Missions

Zanmi Fandwa-Project Rouj is dedicated to helping families find stability through housing, education, and economic development. We believe that if a family has a safe home, this creates stability, and stability creates space for families to dream about a new future. Our goal includes providing jobs for Haitians by building 20 homes each year. Each project creates 15-20 jobs. By the end of 2024, we hope to have built 100 houses. Each of these houses cost about \$10,000 to build. The families who are recipients of the houses do not receive them for free. There are certain guidelines that they must meet. They must own their own land; participate in seminars led by Fondwa community leaders in subject areas such as wellness, financial planning, food and nutrition, and environmental care; complete 200 hours of sweat equity in building homes with Pwogram Kay; and they are required to make 36 monthly payments toward the cost of their home. 15 of these payments must be made in order for construction to begin. To learn more about this mission check out projectrouj.org or scan QR code.

The Lowenthals- OMEA A letter from Moshe-

"Since our last prayer letter, many things happened. Our city started to hear the sirens because of the attack from Hezbollah, from Lebanon. Iran attacked Israel, (again) and miraculously no one got hurt or died (one incident in the Palestinian Authority). The dynamics around here changed, but our work and our mission did not. Your prayers and support allow us to continue and go forward. We are thankful but we do need you to pray so we won't lose faith. Because sometimes is not easy to work with the sound of bombs and sirens. Thanks

Fletcher Place Community Center Preschool:

With the knowledge that education is the best tool to break the cycle of poverty, FPCC has been expanding our REACH Early Learning (EL) program. REACH EL is an affordable, diverse Paths to Quality Level 3 early learning program for children ages 6 weeks to 5 years. REACH EL offers opportunities for scholarships to children while supporting their parents to gain valuable education and training in alignment the 2Gen Poverty model in partnership with Southeast Community Services (SECS) Center for Working Families. Having REACH EL housed within FPCC allows us to provide our immediate need services to families creating a supportive "family village" that aids in breaking the cycle of poverty.

IN UMC Children's Home- Lebanon Launching a new project!

The Independence Project, is a pilot program for independent living designed for 18-and -older kids who have aged out our our current program and feel they need extra help to get on their feet; it offers second chances when they stumble. Some of the items that will be addressed are: getting driver's licenses, learning to budget, practicing job interview skills, college applications, engaging with churches and therapy, finding safe housing, and they will meet with caring adults who can help them navigate thru these things. After renovating apartments, we will launch the program with 6 participants.

From Parish Nurse, Patt Quattrocchi

Journaling for body, mind and soul,

"Do you not know that your bodies are temples of the Holy Spirit who is in you, whom you have received from God? You are not your own. Corinthians 6:19

There are many ways to care for Your Temple (Body, mind and soul). Some of those ways are good nutrition, enough sleep, drinking water, laughing and praying, and journaling.

Our Focus here is journaling. Journaling can help you feel more in control of your emotions and less stressed. The emotional impact of traumatic events can be mitigated by the therapeutic process of writing about one's thoughts and feelings regarding the event.

Studies have indicated that journaling and other forms of expressive writing can help alleviate stress, despair, and anxiety.

Journaling is the act of recording thoughts; feelings concerns and any other ideas that pass through your mind. Ways to do that are writing with pen and paper, drawing things out, recording one's voice or video. Writing/journaling effects both the left and right side of the brain and is thought to improve communication across areas of the brain responsible for regulating emotions. By sharing information across brain regions, we may be able to better recognize and control our emotions.

Writing down one's thoughts and feelings in a journal might help one gain perspective on their feelings and see repeating cycles or triggers.

Journaling has been shown to improve not only emotional health but also mental agility and long-term memory.

A bonus to this type of journaling is the physical aspect of this activity. An overabundance of stress can be damaging to your physical, mental and emotional health. Journaling is an incredible stress/anxiety/grief management tool. One study showed that expressive writing, (like journaling) for only 15 to 20 minutes a day three to five times over the course of a four-month period was enough to lower blood pressure and improve liver functioning. The American Medical Association states that stress is the basic cause of more than 60% of human illness and disease

Just remember you don't have to be Shakespeare, Thoreau, John Grisham or a sportswriter to journal. The practice of journaling is private writing for yourself. It may help maintain the temple that you are. It is a personal choice for your benefit and may assist in cultivating peace of mine.

Fish Fry Recap

The CIUMC 2024 Fish Fry (36th Annual) was a great success. The Outreach Committee and Fry Fry leaders would like to give a big thanks to the congregation for their support of the Fish Fry through their attendance, donations of pies, soda and water, and especially to those who volunteered many hours of their time to help make this annual event possible and successful. Our total sales were approximately \$27,000.00 and the expenses were approximately \$11,500.00, for a net profit of approximately \$15,500.00. We had record sales this year, and the profit was almost identical to last year's fish fry.

As you have probably heard, even though we ordered more fish and tenderloins than last year, we ran out of both with several hours to go. We ran out of tenderloins at 1:00 p.m. and fish at 3:00 p.m. So, we will order more next year and have more sales, and, hopefully, more profit. We got rave reviews of the quality of our food and value of our \$10.00 meal price. Special thanks to Chip Huckaby of Huckaby's Smokehouse BBQ for making our baked beans and potato salad and providing us with several gallons of breading mix specially created for our fish and tenderloins.

Our inside dining was more popular than ever this year, and deliveries and drive-thru were as big as ever. Inside dining allows guests to visit more with each other, and with our church members and pastor, and offers the additional menu options of pie and soft serve ice cream. We were also entertained by group of dulcimers led by our own Bill Banker. Our volunteers who served the public in drive-thru, inside dining, carry-out and delivery displayed gifts of cheerfulness and hospitality, and many of our customers mentioned how much they looked forward to our annual fish fry.

Kudos and thanks to all who made this great outreach event of the church possible. Proceeds from the fish fry go toward organizations helping "the last, the least, and the lost" and "strangers" in our community including homeless families and youth, immigrants and refugees, and our church's own outreach programs including Andrew's Harvest food pantry, Easter Eggstravaganza, VBS, Back to School Splash, and IMPD roll-call meals.
